## SUMMARY

Results-driven Senior Front-End Developer & UI/UX Designer with 14+ years of experience designing and developing responsive web applications, enterprise portals, SaaS platforms, custom Liferay themes, CMS solutions, and customer-centric digital products. Expertise in React.js, JavaScript, TypeScript, HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Figma, Adobe XD, and modern front-end development. Proven ability to translate business requirements and UI/UX designs into pixel-perfect, accessible, high-performance, and cross-browser compatible applications. Experienced in building reusable UI components, design systems, REST API integrations, and scalable front-end architectures while collaborating with cross-functional Agile teams. Delivered enterprise solutions across Banking, Finance, Telecom, Insurance, Real Estate, E-commerce, and Technology domains, with a strong focus on performance optimization, accessibility (WCAG), and exceptional user experience.

## EXPERIENCE

Senior Front-End Developer | UX/UI Designer 07/2012 - Present  
Netsmartz Chandigarh, Mohali

- Architected and developed responsive enterprise web applications using React.js, TypeScript, HTML5, CSS3, SCSS, Bootstrap, Tailwind CSS, Material UI and Angular.
- Translated Figma and Adobe XD designs into pixel-perfect, cross-browser compatible, and accessible (WCAG-compliant) user interfaces.
- Built reusable UI components, responsive layouts, and design system libraries to improve consistency and development efficiency.
- Integrated REST APIs and developed interactive dashboards, forms, and customer-facing web portals for enterprise applications.
- Optimized application performance, code quality, and responsive behavior by following frontend best practices and clean architecture.
- Collaborated with product managers, UI/UX designers, backend developers, and QA teams to deliver scalable enterprise solutions in Agile Scrum environments.
- Mentored junior developers, conducted code reviews, and ensured adherence to coding standards and UI best practices.
- Delivered enterprise-grade solutions across Telecom, Banking, Healthcare, SaaS, Insurance, and Digital Commerce domains.

Front-End Developer 01/2011 - 07/2012  
Classic Informatics Chandigarh

- Delivered responsive websites, custom web applications, and CMS-based solutions for domestic and international clients.
- Developed pixel-perfect, responsive, and cross-browser compatible user interfaces using HTML5, CSS3, Bootstrap, JavaScript, and jQuery.
- Converted Photoshop (PSD) and design mockups into production-ready web pages with a strong focus on UI accuracy and responsiveness.
- Collaborated with designers, frontend and backend developers, QA engineers, and project managers to deliver high-quality web solutions.
- Built reusable UI components and optimized website performance, browser compatibility, and overall user experience following frontend best practices.

## KEY ACHIEVEMENTS

- Increased User Engagement**  
Achieved 30% increase in user engagement through optimized UI/UX designs across projects.
- Optimized Page Load**  
Reduced page load time by 40% through performance optimization techniques and strategies.
- Mentored Junior Designers**  
Trained over 10 junior designers, improving team output by 20% annually.
- Developed UI Components**  
Developed 100+ responsive UI components, enhancing consistency and design efficiency across applications.

## SKILLS

### Frontend Technologies

HTML5, CSS3, SASS/SCSS, Bootstrap, Material UI, Tailwind CSS, JavaScript, JQuery, React.js, Angular, WordPress

### UI/UX & Design

Responsive Web Design, UI/UX Design, User-Centered Design (UCD), Wireframing, Prototyping, Design Systems, Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator

### Development Practices

Component-Based Architecture, Cross-Browser Compatibility, Responsive Design, Performance Optimization, Web Accessibility (WCAG), REST API Integration

### Tools & Version Control

Git, GitHub, GitLab, Jira, GitHub Copilot

### Methodologies

Agile (Scrum), Team Collaboration, Requirement Analysis, Design-to-Development Handoff

## PROJECTS

### Telstra – Network Platforms

**Tech Stack:** Adobe XD, Adobe Photoshop, HTML5, CSS3, SCSS, Bootstrap, Angular, JavaScript, jQuery, Storybook

- Designed high-fidelity UI mockups, screen layouts, and visual assets using Adobe XD and Adobe Photoshop for enterprise telecom applications. Developed responsive, pixel-perfect frontend interfaces using HTML5, CSS3, SCSS, Bootstrap, and Angular, and collaborated with Liferay developers to integrate reusable UI components into enterprise portal solutions. Delivered accessible, cross-browser compatible applications while working closely with product owners, business analysts, developers, and QA teams to ensure high-quality user experiences.

### InsureTech Partners – Motor Insurance Contact Center Platform

**Tech Stack:** Figma, React.js, HeroUI, Tailwind CSS, SCSS, Redux

- Designed and developed responsive, production-ready user interfaces for a motor insurance contact center platform, converting Figma designs into reusable React components using HeroUI and Tailwind CSS. Integrated REST APIs and Tata Teleservices Communication APIs, implemented authentication and state management with Redux, and collaborated with cross-functional teams to deliver scalable enterprise applications.

### Bank of America

**Tech Stack:** Adobe XD, React.js, Material UI, HTML5, CSS3, SCSS

- Contributed to the development of responsive digital banking interfaces using React.js and Material UI, converting Adobe XD designs into reusable, production-ready components. Worked closely with cross-functional teams to deliver accessible, high-performance, and consistent user experiences across enterprise web applications.

### Skyfive Arabia – In-Flight Connectivity Platform

**Tech Stack:** Figma, React.js, HTML5, CSS3, SCSS, Bootstrap

- Designed UI/UX mockups and interactive prototypes in Figma, then developed responsive, production-ready frontend interfaces using React.js, HTML5, CSS3, SCSS, and Bootstrap. Delivered reusable components with a focus on accessibility, performance, and consistent user experience.

### Constl Telecom Communication (Carrier-neutral B2B Digital Telecom Infrastructure Provider)

**Tech Stack:** Figma, React.js, Liferay, HTML5, CSS3, SCSS, Bootstrap

- Designed high-fidelity UI mockups, wireframes, and responsive screen layouts in Figma for a B2B telecom infrastructure platform. Translated Figma designs into reusable React.js and Liferay components, delivering responsive, cross-browser compatible enterprise portal interfaces while collaborating with cross-functional teams to optimize performance, usability, and design consistency.

### Africa Data Centres (ADC)

**Tech Stack:** Adobe XD, React.js, Liferay, HTML5, CSS3, SCSS, Bootstrap

- Designed high-fidelity UI mockups and responsive screen layouts in Adobe XD for enterprise data center management portals. Translated Adobe XD designs into reusable React.js and Liferay frontend components, delivering responsive, cross-browser compatible user interfaces while collaborating with business analysts, developers, and QA teams to optimize performance, resolve UI issues, and maintain design consistency.

## SELECTED WEBSITE PROJECTS

### CloudSmartz Website

Modern website UI with polished styling and responsive implementation.

<https://cloudsmartz.com/>

### Balneario

Responsive front-end sections and clean user-focused layouts.

<https://balneario.co.uk/>

### CashKaro

Frontend/UI implementation for a high-traffic cashback and deals platform.

<https://cashkaro.com/>

### Donna's Naturals

Responsive ecommerce-style pages with brand-aligned UI.

<https://donnasnaturals.ca/>

## PROFESSIONAL VALUE

Combines strong design sense, clean frontend coding, responsive implementation, portal experience, and quality-driven delivery to create interfaces that are visually polished, accessible, maintainable, and easy for end users to navigate.

## EDUCATION

### BCA

Maharaja Agrasen Himalayan Garhwal University (MAHGU)

04/2007 - 03/2010      Dehra Dūn, India

### Senior Secondary (12th)

Himachal Pradesh Board of School Education (HPBOSE)

03/2005      Shimla, India

### Diploma in Web Designing

VM Multimedia Institute

2006 - 2007      Shimla, India

## LANGUAGES

English

Hindi

Punjabi

## ADDITIONAL SELECTED PROJECTS

---

- Cardknox - Responsive frontend interfaces for a secure payment-processing platform.
- Capstera - Capability-mapping web interfaces for an enterprise business architecture platform.
- Clyde Property - Responsive UI for property listings and real estate management workflows.
- Udenom Banken - Frontend UI development for a digital banking platform.
- The Market Mogul - Frontend architecture for a financial news and media platform.
- MMC Web - Corporate website frontend designed and developed from the ground up.
